- What was something in the song that made you think?

- How are we God's children?

1ST-5TH ACTIVITY: NAME GAME

PRESCHOOL ACTIVITY: DIRECTIONS IN PACKET

- To play this game please write the name of someone you know on the "My Name Is" sticker and lay them all upside down on your table and mix them up. Then, each person must choose one and stick it to their back WITHOUT looking, or allow you to put it on for them. Now, each person must try to guess WHO they are by asking questions of each other. The questions must only be answered in YES or NO. Why was this easy or difficult? This is also super fun to play with animal names. Masking tape or sticky notes work great to write the names on if you want to play more often. Have fun!
