

Time with Jesus in Scripture

Goal: The goal of this study is to discuss how regular interaction with Scripture is essential to our spiritual lives and to encourage one another toward deeper study of God's Word.

HOOK:

- Tell about your first boyfriend or girlfriend. How did you first spend time together?
- What person in this world do you talk with the most? Why?
- What are your feelings when you think about the Bible?

Read Luke 24:13 - 35

BOOK:

- What was the mood of the two disciples on the road to Emmaus? Why?
- What questions were they asking?
- How does Jesus appear to answer those questions? What is the role Scripture plays?
- How much of Scripture does Jesus say points to himself? What do you think that means?
- What experience did the disciples have when Jesus opened the Scriptures to them?

LOOK:

- Who is someone you have known whose life was shaped by Scripture?
- Has your heart ever burned within when you read Scripture or heard it explained to you?
- What do you think it means that "Jesus still reveals himself and teaches people to follow him through Scripture"?

TOOK:

- What helps you regularly spend time in Scripture? What hinders you?
- How could your group practically support one another to spend time in Scripture?
- Do you regularly look at a screen first or open a Bible first when you start your days?

- What might happen in your life if you committed to always reading your Bible before looking at a screen?
- What is one way you want to commit to practice spending time with Jesus in Scripture during the next week?
 - (Write this down and talk about how it went the next time you all are together.)
